HEAVY RAINS CAUSE FLOODS IN LOUISIANA

Thousands of Dollars' Worth of Damage Done.

GULF WATER IS BLOWN INSHORE

People Are Refugeeing from Cameron Parish, Much of Which is Under Water—No Loss of Life is Yet Reported.

Lake Charles, La., June 1.—Flood refugees are coming into Lake Charles from Cameron parish, a county of nearly 1,500 square miles, much of which is under water from record-breaking rains, rising rivers and a wind which has blown the Gulf of Mexico water inshore.

Nine families on a special train came from the Sulphur Mine district, where about $10,000 damage has been done. No loss of life has been reported.

Steamboat passengers who arrived here after having passed through Cameron parish, via Calcasieu river, which divides the parish nearly in two from north to south, reported as far as eye could reach on both sides the parish was under water running in an almost level sheet to the gulf. They said that in some places a small steamer could have navigated over what was rich rice and pasture lands a few days ago. Stock raising, one of the principal industries of the parish, is threatened with great loss. Many cattle which have been taken to the highest ground possible, are, nevertheless, half immersed in water. The population of the parish was about 4,000 in 1900.

The southern portion of Catcalscu parish, which lies north of Cameron, is also flooded. An 8-inch rain fell in and about Lake Charles, stopping street railways and forcing many persons to wade thigh-deep to their buisness. Bridges are under water at many points.

BATTLE WITH DESPERADO.

One Hundred and Fifty Shots Fired in Running Fight.

Princeton, Ind., June 1.—After holding a posse of 50 officers and citizens at bay for two hours, a desperado was captured near Mt. Carmel, Ills., after he had been wounded four times and was so weak from loss of blood he was unable to shoot. He refuses to give his name. He went to Mt. Carmel and displayed three navy revolvers and several new knives to a gang of mussel diggers, who notified officers, two of whom attempted to arrest him but failed.

Later he was sighted in a woods north of Mt. Carmel by a posse of officers and citizens, headed by Sheriff Moore, and a running battle resulted in which at least 150 shots were exchanged. The desperado had two big revolvers and shot at every man in sight, but wounded none. He was wounded four times, one ear and his nose being shot off, and other dangerous hurts sustained. He will probably die from his wounds.

Rear Admiral Retires.

New York, June 1.—Rear Admiral Joseph Be Coghlan retired from the service and the command of the Brooklyn navy yard Frday. He will be succeeded by Rear Admiral Caspar F. Goodrich. Admiral Coghlan's time of service expired several months ago, but owing to the important work in hand he has been required to remain at the yard for a time longer. He will live in New York for the present.

Suicides Upon His Wife's Grave.

Paris, Ky., June 1.—Crazed with grief following the death of his wife, Dr. James Kirtley Jameson, aged 27 years, formerly of this city, committed suicide at Waukesha, Wis., by shooting himself through the head when lying across her grave. His father, Dr. J. W. Jameson, received a telegram while he was at the supper table, notifying him of the suicide.

GOULD'S DOMESTIC TROUBLES.

Whole History Likely to Come Out When Case Is in Court.

New York, June 1.—When Howard Gould is haled into court to answer the suit for separation brought by his wife, formerly Miss Katherine Clemmons, it is likely that his brothers George and Frank will be called to testify in his behalf. It was announced Thursday by an intimate friend of Mr. Gould that although it would be extremely distasteful to members of the family to appear in court, the two brothers had expressed their willingness to do so.

From present indications it seems assured that the whole history of the domestic troubles of Howard Gould and his wife will come out when the case is finally taken into court. Mr. Gould himself says that there will be no change in the present plan of procedure; that he will face the charges of his wife in court and will retaliate by plain speaking in regard to her conduct during the years they lived together. Mrs. Gould is equally emphatic in asserting that she will conceal nothing and that she will accept no settlement before the case comes to trial.

Howard Gould's reply to his wife's suit will not be made public at least until June 6, which is the limit allowed by law. Mr. Gould's reply, which is now ready to be filed, is a volumnious document, almost as large as the budget containing the bill of complaints served upon him through counsel a fortnight ago.

WANTED TO SEE OPERATION.

Wonderful Nerve Displayed by Boy Whose Arm Was Amputated.

Berlin, June 1.—A 14-year-old boy here has astonished the prominent surgeon, Baron Von Eisleberg, by the remarkable grit he displayed in undergoing an operation. The boy's arm had to be amputated. He refused to take an anesthetic brought up, and wanted to see the operation. He resisted all the persuasion of the surgeon who ultimately yielded. The boy did not wince and made no sound throughout, but watched the surgeon's work with keen attention. He said afterwards that the sight was so interesting it was well worth the pain.

Dr. Von Eisleberg recognized his pluck by giving him a watch.

ON WELFARE WORK.

Committee Has Been Appointed by Department.

New York, June 1.—For the purpose of improving the working conditions of Federal, State and municipal employees, a national committee on welfare work for government employes has been appointed by the welfare department of the national civic federation. Secretary of War William H. Taft is chairman of the committee, of which Governor John C. W. Beckham, of Kentucky; Mayor George W. Guthrie, of Pittsburg, and William R. Wilcox, postmaster of this city, are chairmen.

Of the many improvements, the need of which is indicated by complaints of public employees, the welfare department has paid considerable attention to the establishment of emergency hospitals in government buildings. Many of the unfavorable conditions, as has been shown repeatedly, are due to the fact that the business of the government had more than doubled in some departments within the last few years.

Cedrino Breaks Record.

New York, June 1.—Cedrino, the Vanderbilt cup driver, broke the 10 mile record for middle weight cars at the Empire City track Thursday, covering the distance in 19 minutes, 47 1-5 seconds. The previous record was 10 minutes, 12-5 seconds, held by Bernine. Cedrino continued on to 15 miles and covered the distance in 14 minutes, 45 seconds, which is also a world's record for middle weight machines.

Franco-Japanese Treaty.

Paris, June 1.—The Berlin correspondent of Le Matin says that M. Cambon, the French ambassador, has visited the German minister of foreign affairs and communicated the basis of the Franco-Japanese treaty.

THIRTY THOUSAND REBELS UNDER ARMS

Revolt In China Spreading to the Towns.

NUMBER ABOUT 117,000 MEN

Practically the Entire Personnel of the Merchant Marine as Well as Longshoremen Are Inscribed in the Naval Reserve.

Amoy, China, June 1.—An insurrection has broken out 40 miles to the southward from Amoy.

Thirty thousand rebels are under arms, and are slated to be well led. The revolt is spreading to the towns near Amoy. The town of Fu Chow is sending 8,000 troops to deal with the uprising, and warships are expected here shortly.

The American consul at Amoy, Mr. Paddock, cabled to the state department at Washington May 28 announcing that an armed uprising had been reported at Joan, 50 miles south of Amoy, that several officials had been killed by soldiers and that the trouble was unknown.

COMMISSION IS ENJOINED.

New Freight Rate in North Carolina Meets With Objectors.

Asheville, N. C., June 1.—Judge Pritchard granted another injunction against the corporation commission of North Carolina on petition of the Carolina and Northwestern Railway company, which road runs between Chester, S. C., and Lenoir, N. C. The road has about 73 miles of trackage in this state, and a restraining order was entered returnable at this city on the 27th of June next, restraining the commission from putting in operation the passenger and freight rate act recently passed by the legislature of this state.

The allegations of the complaint on which the injunction was issued are similar to those on which the Southern, Norfolk and Western and stockholders of the Atlantic Coast Line secured similar injunctions, and are in brief that the rate reduction is so excessive that the railway will be deprived of any return from its prop-

Parts of New Orleans Inundated.

New Orleans, June 1.—Several extensive sections of New Orleans on Friday were under one to four feet of water from the heavy rains. Nearly all rain water has to be pumped out of the city streets owing to the low level of the land and although big underground ditches and an expensive pumping plant has been established the rainfall is so unprecedented that the pumps cannot handle it all at once. About three inches of rain fell before daylight Friday morning.

Accident Charged to Motorman.

Elyria, O., June 1.—C. M. Forney, motorman of a Cleveland and Southwestern Traction car, was arrested in Cleveland early on Friday and brought to Elyria to answer to the charge of being responsible for the death of seven persons, killed in a traction accident here Thursday, and for the injury of eight more persons, several of whom will probably die. He pleaded not guilty before the mayor, and was bound over in $5,000 in default of which he went to jail.

Price of Thread Advanced.

New York, June 1.—The interests controlling the thread industry have advanced the price of thread 11 cents per dozen spools of thread and the dealers throughout the country have taken material notice of the raise. Dealers say the price will be put up one cent per spool.

Fire Loss of $130,000.

Kingston, N. Y., June 1.—Fire, which started in the wholesale and retail drug store of Eltieg & Schhoomaker in Wall street Friday, burned out that store and the adjoining store of Herman Marbleston, clothier and W. Scott, Gillespie, wholesale grocer. Loss estimated at $130,000.

COL. CHUBB RETURNS.

Has Been Attending Commencement Exercises at Rollins College.

Hon. Henry S. Chubb, register of the United States land office, has returned from Winter Park, where he has been in attendance at the annual commencement exercises of Rollins College, of which he is a trustee.

Col. Chubb spoke in the highest favor of the college and its faculty, declaring that there never was in the South a more successful or a more agreeable commencement exercises. "I desire to publicly compliment Rev. Thos P. Hay, pastor of the First Presbyterian church of Gainesville," Mr. Chubb said, "on the excellency and eloquence of his address on this occasion. It was one of the most masterly efforts I have ever heard, and the large audience was delighted as well as impressed, with the subject and the address. Dr. Hay made many new friends on his visit to Winter Park, and friends who will remember him for his eloquence and sincerity."

Col. Chubb states that this was one of the most successful terms Rollins has ever held, and the trustees and faculty feel greatly encouraged.

MELROSE NEWS NOTES.

Memorial Day Was Duly Observed. Accident to Lady.

Melrose, June 1.—Memorial Day was duly commemorated by the hoisting of the National flag at the town hall, Cale Yearwood of the Gainesville University sounding the appropriate call on the bugle in fine style, and decorating of the graves of five Federal soldiers with flags and flowers.

Mrs. A. D. Hicks had the misfortune of dislocating her hip on Wednesday. As she is an elderly lady, it is very doubtful if she will be able to walk again without assistance. When last heard from she was resting easily.

Friends of Mrs. Rose will be sorry to hear that there is no improvement in her condition.

L. Baldwin has returned from the Baptist convention at Richmond. He also spent four days at the Jamestown Exposition. Mr. Baldwin reports having had a very pleasant trip.

SNOW IN OHIO.

George Ford's Friend Writes Him That it is Cold in the North.

George Ford, who resides with the family of his son, Fred H. Ford, West Court street, has received a letter from a friend at his old home in Ohio which states that the weather in that section is severe, and that even at this late period of the season, that section has been visited by a snow storm.

Mr. Ford states that he is glad he is in Florida, where he can have not only health, but balmy and invigorating climate. He is delighted here, and good-naturedly declares that he expects to "live and die in Dixie."

The First Automobile.

Whoever says Micanopy is behind the times needs a reprimand for uttering something which is not the truth. Even in automobiles the good people of that town do not intend to be outdone, and as soon as The Sun published a few days ago that Archer boasted of one of these modern conveyances, a couple of progressive citizens of Micanopy "got together," with the result that C. E. Melton and James Allison are now riding in a brand new, up-to-date Cadillac machine, which is the curiosity, as well as the pride, of the town.

This machine has just been received, and it is one of the most modern types of the Cadillac. There are several miles of good road leading out from Micanopy, and it goes without saying that the owners will get a great deal of enjoyment out of the investment.

Decision Made on Suffrage.

Montgomery, Ala., June 1.—Attorney General Garber has ruled that a voter holding a life certificate does not have to register in order to vote in a city election. The question came up in Montgomery county.

FRENCH COMMERCE MAY BE PARALYZED

Strike of Sailors Belonging to the Naval Reserve.

WARSHIPS ARE TO BE SENT

American Consul Cables State Department at Washington of an Armed Uprising at Joan—Several Officials Were Killed.

Paris, June 1.—French commerce is threatened with complete paralysis as a result of the general strike of sailors belonging to the naval reserve which went into operation Friday at all the ports of France.

The naval reserves comprise almost the entire maritime population devoted to seafaring life. They number about 117,000 men, of whom 25,000 belong to the war fleet. Practically the entire personnel of the merchant marine as well as the longshoremen are inscribed in the naval reserve. The executive committee of the National Seamen's union ordered the strike because the members of the union regard the government's new bill increasing pensions from $40.80 to $72.50 in the case of seamen and from $156 to $200 in the case of captains as being inadequate.

The reports thus far received indicate that the tie-up is complete. At the Mediterranean, Atlantic and the channel ports the crews generally left their ships. The government promptly ordered the army transports at Marseilles to be placed in commission in order to insure a mail service between France and her African possessions, but the transportation companies were taken by surprise and are at the mercy of the strikers.

The officials of the French trans-Atlantic company hope that the vessel LaProvence will be able to sail from Havre Saturday, but they are not certain that she will be able to do so.

Generally the companies are in a position to coerce the men, as being members of the naval reserve the crews are subject to heavy penalties for insubordination, but it is regarded as more likely that they will try to effect a compromise.

FRED BUSH ON TRIAL.

Atlanta Man, Charged with Sending Infernal Machine, Faces Charge.

Atlanta, May 31.—Fred Bush, the man who is charged with having sent an infernal machine to the home of Mrs. McCarthy, which wrecked the house and severely injured Mrs. McCarthy, was placed on trial in the criminal branch of the superior court Thursday.

The case is a most sensational one and the court room was packed.

Fifty-seven talesmen were called before a jury could be secured.

The principal witnesses are Chas. Doolittle, Bush's business partner, and Mrs. McCarty, the lady who came near being killed by the explosion of the bomb.

Some very sensational testimony is being offered.

Cocaine-Crazed Negro Runs Amuck.

Baton Rouge, La., June 1—Crazed by cocaine and armed with an ax, a negro, named Jone Poston, who says he is from Indianapolis, Ind., where he is wanted for murder, ran amuck and held at bay a squad of policemen, headed by Chief of Police Hire, a crowd of citizens and officers from the sheriff's office for over an hour. He was captured only after he was shot in the arm by the chief of police.

Mississippi Primary.

Jackson, Miss., June 1.—The Democratic state executive committee met on Thursday and fixed Thursday, Aug. 1, as the date for the first primary to nominate senatorial, state, district and county officers. It is expected 12,000 votes will be polled. All contests are to be settled, including the senatorial race between Governor Vardaman and Congressman John Sharp Williams.

CITIZENS CONFERRED WITH RAILROAD MEN

In the Matter of a Union Railroad Station for Gainesville.

LARGELY ATTENDED MEETING

It Was a Joint Gathering of Board of Trade, Citizens and Representatives of Various Railroads—Committee Appointed to Confer in Matter.

In compliance with the call which has appeared in The Sun for several days, there was a large and interesting joint meeting of the Board of Trade and citizens, and representatives of the various railroads entering the city, at the council chamber Thursday morning, at which Mayor W. R. Thomas, president of the Board of Trade, presided.

Those present representing the railroads were F. B. Simonton of Tampa, representing the Tampa and Jacksonville; M. Riddle, general superintendent of the Atlantic Coast Line, Jacksonville, and Judge Rainey, representing the Seaboard Air Line, Tallahassee.

Chairman Thomas stated that the purpose of the meeting was to consult with the representatives of the railroads in the matter of a union depot for Gainesville, which the people realized was badly needed.

The subject being open for discussion, there were many interesting talks by members of the board, citizens and representatives. It was evident, by the remarks of the railroad officials, that the roads were willing to concede to anything reasonable, assuring the meeting that, considering the expense would not be excessive, the railroads were perfectly willing to comply with the wishes of their patrons.

A resolution was presented and adopted requesting the railroad companies to complete a union station within two years.

In reply to requests, the representatives requested the chair to appoint a committee to confer with the railroad civil engineers in the matter of securing a desirable site, the probable cost of a union station such as is required, etc. A motion prevailed to this effect, and was carried, and the chair appointed B. F. Hampton, secretary of the Board of Trade, W. B. Taylor, S. J. Thomas, E. E. Cannon and J. H. Jarvis.

The meeting adjourned, subject to the call of the chairman.

TO PLAT CAMP SITE.

Surveying Corps of the University Left for Philbrofen.

Having been assigned to duty at Philbrofen, the new camp site recently selected by act of the Legislature for a permanent camp for the Florida State Troops, Captain N. H. Cox of the University of Florida, with his surveying class, comprising J. W. Shands, W. W. Gibbs, Claude Tompkins and C. F. Canova, left Gainesville Wednesday, and will proceed at once to survey out and lay out the new camp site, which is located on the St. Johns river, about seven miles from Jacksonville.

The party went well equipped, and expect to finish their labors during the early part of the coming week.

MELROSE NOTES.

Melrose, May 30.—Much sympathy and regret is extended by the many friends of Mr. and Mrs. H. Barnett of Hawthorn at the sudden death of their little baby, which occurred on Monday evening.

The Misses Thelma and Willie Hoffman of Dunnellon are the guests of Mrs. Neva Husband.

Mrs. M. S. M. Caldwell left Monday for Springfield, Mass., on her usual visit to her son.

Prof. R. L. Rogers of West Lake was the guest of W. N. Lee for several days during the week. Prof. Rogers was pleased to meet his friends again, having been principal of the Melrose school two years ago.

Miss Minnie Lee has returned from a very successful term as school teacher at Newberry. After taking about a month's rest she will teach a summer school at Jennings Lake.

The Lakefront lot of C. P. Huffman has been much improved by a new wire fence.

T. A. Birt received last week a very handsome birthday present from his mother, in the shape of a fine cow and calf.

THE DAINTY DESSERT

into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cold it will jellify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with candied cherries. Serve with whipped cream.

IN GAY HIGH SPRINGS.

A Week in Social Whirl of That Town, Embracing Many Functions.

High Springs, May 31.—Mrs. M. P. Summers gave a card party Thursday evening, which was one of the most delightful social events of gay High Springs. The popular "500" was the game played, and Miss Maude Thomas won first prize and H. Salls the gentleman's prize. Elegant refreshments weer served. Those present were Mrs. J. H. Salls, Mrs. Ethel Warren, Mrs. Killibrew, Miss Maude Thomas, Miss Abbie Barrs, Mrs. H. McL. Grady, Mrs. M. P. Summers, Mrs. Leon Hatchell, Mr. Russell Frinke, Messrs. J. H. Salls, Killibrew, Simpson, M. P. Summers, Dr. E. Blackshear, Jesse Mizelle.

There was a union Sunday school picnic at Poe Springs on Thursday, which was attended by a very large crowd.

The ladies of the Presbyterian church gave a strawberry supper on Saturday night, which was a very pleasant and profitable affair.

Miss Kennie Lambdin, who has been visiting Miss Maggie Morrison, has returned to her home in Jacksonville.

Miss Abbie Barrs has returned from Sutherland College, where she recently graduated.

On the evening of May 29th the Pythian Sisters initiated into the mysteries of their order P. P. Wood and Mr. Simpson. The initiation was followed by a banquet, which was one of the best ever given in High Springs. The application cards of G. W. Easterlin and W. B. Anderson have been received and they will be initiated in the near future.

Mrs. E. B. Godwin of Paradise is visiting Mrs. G. W. Easterlin.

Miss Murry Futch and Miss Annie Lou Hodges are in Gainesville, where they went to attend the commencement ball.

Hugh L. Futch and Clarence Barrs are home, after a year spent at the University of Florida.

W. C. Summers spent Tuesday in Jacksonville.

Miss Baugh of Georgia and Mrs. T. B. Reynolds of Lakeland are visiting Mrs. George Reynolds.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

Well Known Sea Captain Dies.

Mobile, Ala., May 31.—Captain Alonzo A. McLean, one of the best known ship masters on the Atlantic and gulf coasts, died here Wednesday. He was a native of New Brunswick, N. S., and followed the sea for forty years. He was 53 years of age.

S.S.S. KILLS THE GERMS OF SCROFULA

Through the blood, diseases are carried from one generation to another. Parents transmit them to their children, and so it goes on down the family line for years and years unless the taint is removed from the blood. Especially is this true of Scrofula, for it is a disease that is "bred in the bone," and unless the blood is purified and every trace of the trouble removed the miserable disease will finally undermine the entire health and wreck the life of its victim. The usual symptoms of Scrofula are enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, Catarrh of the head and throat, skin diseases, etc. The trouble being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a waxy, pallid appearance of the skin, loss of strength and energy, and often lung affections, show that the disease is entirely destroying the bright red corpuscles and rich, nutritive qualities of the blood. Scrofula being a constitutional disease, one affecting the entire circulation, must be treated with a remedy that builds up and strengthens every part of the system, which has so long been denied the strength and nourishment it should have received from the blood. S. S. S. is the best of all blood purifiers and the greatest of all tonics, and is therefore the ideal remedy for Scrofula. S. S. S. searches out and destroys all germs, taints and poisons, gives strength, richness and vigor to the blood and cures Scrofula permanently. It so thoroughly removes the trouble from the blood that no signs of it are ever seen again, and posterity is started out in life with a clean, pure blood supply, which is their rightful inheritance. S. S. S. while thorough, is gentle in its action, and the healing vegetable ingredients which compose it build up every part of the system. Book on the blood and medical advice free. The Senate was called to order at 9:30 a. m. Wednesday with President Harris in the chair and a quorum present.

The following new bills were introduced:

Senate bill No. 466, by Mr. Baker—Relating to power and duties of State auditor. Under waiver of rules the bill was read the second time in full. Motion to place bill on final passage withdrawn and consideration temporarily deferred.

Senate bill No. 467, by Mr. Massey—Relative to funds now in treasury to credit of pension fund and making same applicable to purposes of pension act of 1907. The rules were waived and the bill read the second and third time in full and passed, 26 to 0.

House memorial No. 15—A memorial to Congress of the United States, asking for appropriation for deepening and improving bar at New Symrna and deepening of North Indian and Halifax rivers, was read in full and adopted by vote of 29 to 0.

Messages from House of Representatives were considered and bill passed both houses ordered referred to committee on engrossed bills. House messages relative to Senate bills indefinitely postponed ordered spread upon journal.

Expense of Government.

The Senate then resumed the consideration of House bill No. 546, making appropriations for the expenses of the State Government and departments for the two years ending June 30, 1909.

A message was received from the Governor and consideration of bill deferred, while message was read. This referred to Senate resolution No. 65, requesting information relative to the State bank examinations being made by clerks in the comptroller's office. The Governor transmitted a letter from the comptroller, in which it was stated that seventy-seven examinations had been made in 1906, and thus far in 1907, and these had been made by Clerks W. C. Croom and W. M. McIntosh, and that no per diem had been allowed them by the department.

Pay of Legislators.

Senator West of the First cast a bombshell by offering an amendment cutting down item of legislative expenses from $85,000 to $78,940, stating that if the plea for economy was to be maintained the Legislature should start at home, and this amendment would have the effect of reducing the pay of members of the Senate and House from $6 to $5 a day. The roll call being ordered, there were numerous explanations of votes and some amusement. The amendment was lost by a close vote of 14 to 14, and a general feeling of better humor seemed to pervade the Senate chamber when the vote was announced, and the existing tension was somewhat relaxed. Senator Hudson offered an amendment not changing, but to some extent itemizing amount appropriated for hospital for insane.

House Messages.

Consideration of this bill was deferred for a few minutes while the Senate could take up House messages and refer bills to committees or order those having passed both houses enrolled.

Senator Neel moved that the rules be waived and that House joint resolution No. 246, by Mr. Paul of Holmes, proposing constitutional amendment relating to apportionment, be read the second time in full. A roll call being ordered, the Senate refused to waive the rules and the resolution was referred to the committee on constitutional amendments.

House memorial No. 18, memoralizing Florida's Representatives in Congress to communicate with Senator Burton, chairman of the National Commission, and use efforts in Congress deepening of Caloosahatchie river and an island waterway, was read, and under waiver of rules, second time and passed, 21 to 1.

The House amendment to Senate bill No. 49, by Mr. Crill, being the pure food bill, were read, with House amendments, which were concurred in with one exception.

Printing Expenses.

Senator Adams moved that the Senate reconsider the vote by which the amendment of Senator Trammell in regard to the amount appropriated for printing was lost. Roll call being ordered, the motion to reconsider prevailed and the amendment increasing the appropriation for printing for last half of 1907 from $7,500 to $10,000 was read. Senator Adams stated he had a communication from the comptroller's office stating in effect that while the smaller amount might be sufficient, it would be well and perhaps necessary to have a sufficiently large amount in case it was needed. The amendment was on roll call adopted by vote of 16 to 15. A number of other amendments were offered, those defeated and those adopted being practically on the same lines as those of the first section.

After a long debate on various sections which lasted off and on during the entire day, the bill with its thirty-nine amendments, was finally passed by a vote of 19 to 5, and same was referred to House for concurrence in Senate resolutions.

Raise in Liquor License.

Under the special rule adopted, the Senate then proceeded to consideration of House bill No. 508, this being the general license tax bill. The bill was read the second time in full by sections. Senator Humphries offered amendments which were adopted increasing liquor license to $1,000, of which $500 shall go to the State and $500 to the county, and requiring an additional municipal tax by incorporated cities and towns of $500. Senator Crews secured the adoption of an amendment requiring dealers in cider, beer or other intoxicating drinks to close their places of business on Sunday.

Senator Buckman offered amendments reducing license tax on social clubs selling liquors from figures in the bill to that imposed under the existing law. Senator Humphries stated while he was opposed to the sale of whiskey in any form, he still thought the clubs weakened the saloons and he favored the amendment. Finally these amendments were adopted and the increase provided for from clubs was eliminated. Senator Willis offered an amendment prohibiting sale of domestic wines and brandies in dry counties, amendment lost. Senator Jonnson offered an amendment reducing license on undertakers in towns of over 5,000 population from $50 to $10; amendment lost. Later amendment by Senator Harris reduced the license to $25. Senator Harris offered an amendment imposing license on ferries for freight or passengers of $100 in cities of more than 10,000 population and $25 in cities of less than 10,000; amendment adopted.

At the suggestion of Senator Crill, consideration of the license bill was suspended in order to consider House amendments on the tax assessment and colleciton of revenue bill. The amendments were all concurred in and the bill ordered engrossed.

The Senate adjourned until 9 o'clock Thursday morning.

HOUSE PROCEEDINGS.

The House was called to order at 9 a. m. by Speaker Matthews. Prayer by chaplain. Correction of journal of the 27th.

House resolution No. 81, by Mr. Harvell of Santa Rosa—Thanking the speaker and attaches of House and State officers and clerks and citizens of Tallahassee for services and courtesies during the session. Adopted unanimously by rising vote.

Select Order.

Senate bill 49—Mr. Crill's pure food bill, which was pending on adjournment, was taken up and the reading finished. Amendments by Mr. Russell adopted, inserting word "not" in several portions of bill. Mr. Russell moved the rules be waived and bill read the third time; agreed to and the bill passed, yeas 46, nays 5.

Mr. Watson of Dade introduced House bill No. 97, thanking Mr. Knowles, speaker pro tem, for services during the illness of Speaker Matthews; adopted unanimously.

Afternoon Session.

Afternoon session called to order at 2:30 p. m. by speaker, quorum present.

By unanimous consent, Mr. Parkinson of Volusia, introduced House bill No. 592—Appropriating $750 for the relief of John A. Dudley, representative from Hillsboro county, who has been dangerously ill for several weeks, having contracted the illness in the discharge of his official duties; passed unanimously, under suspension of the rules.

House bill No. 330, by Mr. Milliner—Protection of fish in Suwannee and Little Withlacoochee rivers; passed, under suspension of rules.

Senate bill No. 93, relating to disqualification of judges; passed, under suspension of rules.

Educational Tax.

Senate joint resolution No. 325, by Mr. Buckman—Providing for levy of special tax for maintenance of University of Florida, Florida Female College, Institute for Deaf, Dumb and Blind, and Colored Normal, was called up by Mr. Wartmann. Passed, 42 to 13.

Mr. Decker of Hillsboro asked to take up House bill No. 268, by Mr. Dudley, his colleague, being the bill to appropriate $15,000 annually for the Florida State mid-winter fair, which was agreed to and while the clerk was getting the bill from the files a message was read from the Governor, showing the financial resources of the State for years 1907 and 1908, amounting to $1,492,677.28, with necessary expenses of Government, exclusive of special appropriation, $1,361,126.10. The message was referred to the committee on finance and taxation.

The Tampa fair bill was taken up and after considerable discussion, passed, yeas 34, nays 23.

House adjourned until 9 a. m. Thursday.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

A Business Change.

A. B. Oliver and W. J. Hunter have consummated an important deal, having purchased the livery of Hunter & Edwards and D. G. Edwards.

The new firm proposes to go into the business on a first-class and extensive scale. They will thoroughly renovate and remodel the Edwards' stable, and will place therein some of the finest stock to be found in this section of the State.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

RAILROAD PILFERING AT HIGH SPRINGS

Theives Numerous, and Whiskey Seems Their Main Object.

NEGRO PREACHER IN COURT

He Was Arrested for Stealing Whiskey, Plead Guilty and Paid His Fine. Another Negro Sent Up, and Still Another Has Case Appealed.

The love of John Nicholson, a High Springs negro, for booze, "any old brand," has got him into trouble, and there is no telling where the trouble will end, as he has been arraigned in Justice Bexley's court at High Springs upon a charge of stealing liquor from the freight house of the Atlantic Coast Line, and has been convicted. His attorney, T. B. Ellis, Jr., however, has taken an appeal, and in the meantime Nicholson is roaming about the streets of High Springs under bond.

Nicholson has been employed for some time at the freight depot of the Atlantic Coast Line at High Springs. Almost as long has he been suspected of stealing whiskey which was consigned to that town, and which naturally was stored in the depot. Several times it is alleged boxes of whiskey have been broken into and part of the contents removed, which finally resulted in the arrest of Nicholson, in the possession of whom it is said there were four half-pint packages.

The man was arraigned before Justice Bexley, and there appeared to be little trouble in proving him guilty. An appeal was taken, however, and here the case rests.

Attorney C. R. Layton represented the railroad in the prosecution. Attorney Layton states that the practice of stealing, especially whiskey, has been going on in High Springs for a long time, although it seems difficult to apprehend the thieves. Three have been caught within the past week, however, all for the larceny of whiskey. One of those apprehended, and who pleaded guilty in the court, was a colored preacher. He was assessed a fine of $25 and costs, which was promptly paid.

Rev. Thos. P. Hay, pastor of the First Presbyterian church in this city, has returned from Winter Park, where he enjoyed the distinction of delivering the commencement address before Rollins College.

As was reported from Winter Park to The Sun by wire, the hall was crowded with people from every section of the State, and the address was one of the best and most eloquent ever heard in Winter Park.

Rollins honored Dr. Hay by conferring upon him the degree of Doctor of Divinity.

POTATO SLIPS MOVE BY MILLIONS

T. K. Godbey of Waldo Making Big Thing of the Industry.

A SWEET POTATO EXPERT

Mr. Godbey's Products Have Become Recognized Throughout Entire South as Being of Exceptional Quality, and He is Shipping Slips by Millions.

There seems to be no end to the advantages afforded by Florida, especially this section, in either a commercial, agricultural or horticultural nature. Men have made fortunes in the vast forests and fields and commercial pursuits, and one of the most successful in the agricultural line seems to be T. K. Godbey of Waldo, who makes a business of raising sweet potatoe slips for the market.

This industry seems a peculiar one, in that it seems that farmers everywhere should raise their own slips, but they don't. A great many of them, not only in Florida, but throughout the Southern States, have been depending upon Mr. Godbey for their supply of plants for years, and they have not been disappointed.

Mr. Godbey knows the sweet potato business from one end to the other. He knows a good potato when he eats it, when he sees it or when he grows it. Perhaps his fondness for sweet potatoes has made him a specialist in this particular line, and he might properly be termed a "professor of tubarlogy," for this would be the most appropriate term.

Mr. Godbey's fame as a potato grower began about six years ago, when he began to ship a few plants, or slips, to customers in a limited territory. But his product gradually grew in popularity until now his entire time has been taken up in growing potato slips, and his shipments have been extended to all parts of the South.

To give an idea of the importance of the industry, it may be said that the shipments during the season will amount to an average of 3,000,000 a month. Mr. Godbey is making a good thing of the potato industry, which has also proved a good thing for Waldo.

NEWS OF CITY AND COUNTY CONDENSED

Miss Lila Fraser of Arredondo, the popular principal of the Arredondo school, was in the city for a few hours yesterday, being en route to her home in Alachua, where she will spend Sunday. Miss Fraser has given excellent satisfaction at a teacher, both to the patrons and pupils, all of whom regard her very highly. They hope to have her back again next term.

Attention is called to the advertisement of The G. W. Hyde Company, who are about to begin the second week of the great early summer sale. At this sale there will be many bargains of remarkable note, and those in need of anything in dry goods, ready-to-wear goods, etc., will do well to call and inspect the stock and make their purchases. This enterprising firm is also offering a great reduction in stylish millinery and men's furnishings.

R. J. Holly, for the past eighteen months business manager of The Gainesville Elevator, has severed his connection with that paper, and has gone to Orlando, where he has accepted a position as manager of The Orlando Reporter-Star. Mr. Holly is a good newspaper man, full of ambition and energy, and his friends feel sure that he will "make good" in his new position. While the people of Gainesville regret very much to see him leave, they will nevertheless wish him much success in his new venture.

Engineer W. H. Porter of Waldo, one of the efficient employes of the Seaboard Air Line, who makes his headquarters in Waldo, was in the city yesterday. He was accompanied by his brother-in-law, Kenneth Harvey of New York, who is spending a while here. It will be remembered that a little more than a year ago Engineer Porter was in a wreck on the Wildwood-Orlando division of the Seaboard, in which he sustained injuries which incapacitated him for duty until a short time ago. He has resumed his duties, however, and his friends are glad to welcome him "back on the run."

PAINTER WANTS $15,000 DAMAGES

W. J. Cauthern Wants L. C. Gracy to Pay Him for Alleged Injuries.

WAS PAINTING GRACY HOUSE

When He Fell from Scaffold Which He Declares in Bill of Complaint Was Not Securely Made—A Case Which Will Attract Attention.

An important suit has been entered in the Circuit Court of the Eighth Judicial Circuit in and for Alachua county, being a suit filed by W. J. Cauthern, a painter, against L. C. Gracy, for damage, the amount asked for in the bill of complaint being $15,000.

This case arises from injuries alleged to have been sustained by the plaintiff, W. J. Cauthern, in falling from a scaffold while discharging his duty as a painter on a house belonging to L. C. Gracy. The plaintiff alleges that the scaffold from which he fell collapsed in part, having not been securely erected.

At the time of the accident Mr. Cauthern was working at an elevation of twenty feet, more or less. From the result of the upturning of a board upon which he was standing, the said board being a part of the scaffold platform, he was precipitated to the ground, sustaining several broken ribs and a sprained back, which incapacitated him from duty for some time, and from which he alleges he has never recovered, leaving a defect in the back which prevents him from performing labor at his trade.

The case, which may be called up at the next term of the circuit court, promises to prove of unusual interest. Attorney B. A. Thrasher is representing the plaintiff in the premises.

M. H. Wyatt is the only sheriff of Manatee county that ever sprung a death trap. There has only been one legal hanging in Manatee and that one was a white man. On the 14th of June, however, a negro will have to suffer for his sins.

"History maketh a young man old without wrinkles or gray hair, giving him the experience of age without its infirmities," was a saying which Mr. J. A. MacDonald of Toledo quoted in his address before the Boston Baptist Social Union.

The greatest statesman this continent ever produced said: "If I work in marble, in time it will crumble; if I work with brass, in time it will corrode; but if I work with mind, I work with that which will grow brighter through all eternity." This was but an anticipation of the great English philosopher's declaration: "On earth there is nothing great but man—in man there is nothing great but mind."

There are 198,000 young, dashing, fascinating widows in New York City. Why don't they inaugurate a crusade against the South? One pretty widow as a rule creates a bigger sensation down this way than a whole bevy of young pretty girls. No widower or unmarried man seems able to escape their bewitching wiles. The most dignified and sedate fall an easy victim to their charms and Dan Cupid is kept eternally busy. The South is the place for fascinating widows.

Possibly no town in the State with a population not greater than is claimed here, can boast of as many good horses as are owned by our local horsemen. Great as has been the future predicted for the automobile, man has manifested no great desire to forsake his old friend, the horse, and today fine roadsters are in greater demand than ever before. Not only are good roadsters eagerly sought, but those standard bred and of acknowledged speed are also coming in for their share of the honors.

Speaker Cannon was in Washington last week and it is said that he had a long conference with the President, just before the departure of the latter for Virginia, over the possibility of tariff legislation at the next session of Congress. The prospect is not at all bright. Speaker Cannon was averse to touching the tariff on the eve of a national election, and in this he is understood to have the backing of the leaders in both houses of Congress. This probably settles it, for in matters of tariff legislation, the speaker is almost all powerful.

The B. Y. P. U. Visitor, a monthly paper, four pages, published by the B. Y. P. U. Society of the First Baptist Church, has made its first appearance and is a very creditable sheet. The Visitor's editorial staff comprises Mrs. S. B. Rogers, editor-in-chief, with Misses Bessie Kelley and Bessie Bunch, R. D. Alger and Ralph D. Rader, assistants. W. C. Marsh is the business manager, with J. F. Bunch as assistant. The Visitor is a neat paper, and will no doubt prove a popular medium among the society in the interest of which it is published.

MESSAGE TO DEMOCRACY.

A message has just been delivered to the Democracy that is worthy of the most careful consideration of the members of the party. The message is from Senator Rayner, who represents Maryland in the United States Senate. As Maryland is one of the States that is necessary for the Democrats to carry to win the next election, this message of advice from her most distinguished son on the course the party should pursue is the more worthy of attention.

"Of course," said Senator Rayner, "we all appreciate the fact that when a new issue arises the Democratic party must take its stand upon one side or the other, and as new issues develop parties must enlarge and expand. No one desires to restrict the Democratic party either to a dead issue or simply to those that existed at the time of its formation. Now, have we any principles? I think we have. Has the Republican party stolen them? I acquit them on the charge. I think that they are entirely innocent, and I do not believe that they have any felonious intent or design whatever to appropriate them. Is the President a Democrat? I must respectfully deny it."

Senator Rayner, after showing the lines that divide the two parties, said: "We must not yield the slightest fraction of the supremacy of the States over their own local and domestic concerns. This is our party, and we must not barter it for wealth, for progress or prosperity. Prosperity may be only temporary, but the foundation of the republic are perpetual. In the next place we are opposed to governmental paternalism. It is a reproach to Jefferson to claim that if he were living he would be in favor of it. I predict, with great respect to others who may differ with me, that the day will never come when the Government of the United States will own and operate the railroads of the country. Let us give the present railroad law a fair test and trial, and if it does not answer the purposes of its enactment let us extend its provisions and supplement its remedies so that it will meet any emergency that may arise. There is one proposition, however, that the Democratic party must contend for in this connection, and that is it must demand a complete obedience to the existing statute. The railroad presidents and officers of our trunk lines must be made, once and forever, to realize that they are the servants, and not the masters, of the people."

After suggesting a platform upon which all Democrats could unite Senator Rayner closed by saying: "If we advocate principles that are not Democratic and be again defeated at the polls, then it looks to me as if the hour of disintegration was at hand, because the only thing that has kept us alive through all the strange vicissitudes of our fortune is in the fact that we have never yet wholly abandoned the historic traditions of our faith and have never yet, upon all the pages of our history, sounded a final retreat. If the Democratic party will only follow Jeffersonian precepts and anxioms without attempting a revised edition that he would repudiate if he were living; if it will only unite upon essentials and not divide upon non-essentials; if it will only stand by the old ritual and not attempt to alter it to suit every economic clique or mongrel denomination that is willing to array itself under its banners; if it will only abandon the worship of temporary idols that are broken into fragments with the close of every campaign, and return to the worship of those cardinal principles that will remain immutable so long as the republic lasts, regardless of the fact whether parties discard them or not—then I believe that our mission is by no means ended, but that, emerging from the apathy and lethargy that now envelope us, we shall be recalled to life to resume the activities of our normal existence and to the accomplishment of our historic destiny."

THE SAME HERE.

There are business men in Tampa who would rather squander $100 on some fake advertising scheme that would place their card in a hotel register or in a fancy frame at the railroad station than to spend $10 for advertising space in the leading newspaper of this city. Their conception of good advertising permits them to do just such things. If they would look about them for a moment and consider they would find that the most successful firms of this city are patrons of the advertising columns of the newspapers, and that their appropriations for advertising space do not include hotel registers, fancy frames and similar worthless schemes. —Tampa News.

It is the same here. Last week many merchants who were never known to spend one penny for advertising in the local paper, put up big money for an ad in the Florida Agriculturist. They paid more for the ad for one issue than the same space would have cost in The Independent for two or three months, and they never got one cent returns for their expenditure. We checked up 15 advertisers who do not advertise, others who do advertise occasionally, and firms that haven't advertised locally for months. There seems to me no help for it.

The Independent editor labors fourteen hours a day, spends hundreds of dollars each year to send sample copies of the paper broadcast, is identified with every interest of the town, puts up money for every project, buys all his goods in St. Petersburg, pays out $3,500 salary to employes, and yet our merchants cannot see the value of advertising until some fake proposition comes along that is only distributed to the advertisers.

I asked one man who has spent $20 for space in The Agriculturist if he received any returns from his ad. He said nary a return. Acknowledged it was money wasted.

On the other hand the same day, a gentleman comes into the office and thanks us for selling for him a piece of land on which he made $400 profit. The land was sold simply on the strength of a small ten-line news item in The Independent.

The same man will move to St. Petersburg. He will buy lumber, hardware, and other building necessities. He will buy farming implements, household goods, and then groceries, and dry goods.

And he is only one of scores that The Independent has influenced to locate in St. Petersburg.

How many families has The Florida Agriculturist located in St. Petersburg?

Yet you paid it more money for one issue of a couple of hundred copies thrown around the advertisers than you pay The Independent in two months.—St. Petersburg Independent.

COMPETITION SUPPRESSED.

The report of the special attorneys to the Interstate Commerce Commission recommends that the Attorney-General of the United States take actoin to annul the contract between the Union Pacific and Rock Island railroads for the control of the Chicago and Alton railroad, which was virtually wrecked by the Harriman syndicate. The most startling announcement in this report is "that railroad competition has been suppressed in an area equal to one-third of the United States;" and "that the profits of the great railroads of the Far West are being used to buy stocks and control systems in the East, instead of building more roads for the development of the West." Yet after this exposure of the deals of Harriman and other railroad magnates they are indignant that the Legislatures of the States included in the "area equal to one-third of the United States" should legislate to compel railroad corporations to charge reasonable rates instead of extracting vast sums from the public to buy the stocks of Eastern railroads. The fact that the Attorney-General of the United States needs prodding to protect the public interests shows that the chief reliance of the plundered people must be through their own direct representatives in their State Legislatures, rather than the procrastinating action of Federal officials.

Those good Democratic doctrines of State Rights and Home Rule are much more effective than all the boasted strenuousness of the present administration. To guard those State rights from the encroachment of Federal power by preserving all reserved rights not granted by the constitution to the National Government, is the only way for the people to secure redress of wrongs and preserve their liberty. Not a railroad is charging lower rates by reason of the legislation of Congress or prosecutions of the Roosevelt administration, but the Legislatures of many States have enacted laws which compel the railroads to charge reduced rates. Talk of even the strenuous type is cheap, but it takes the drastic laws to control railroad corporations.

A CONFEDERATE POEM.

An Impressive Poem Written and Published in the Lost Cause.

Apropos the reunion of the Confederate Veterans in Richmond, a friend has handed to The Sun a beautiful poem entitled "With the Boys of the Sixties," which was dedicated to the Confederate soldier at the reunion in Louisville, and published in the "Lost Cause," a Confederate war record of Louisville during the reunion.

Following is the poem, which must prove of interest, especially at this time:

With the Boys of the Sixties.

Git my old knapsack, Mary, and my uniform of gray,
Git my battered helmet, Mary, for I'll need 'em all today.
Git my canteen an' my leggins'; reach me down my rusty gun,
For I'm goin' out paradin' with the boys of '61.

Never mind them blood stains, Mary, never mind that ragged hole,
It was left there by a bullet that was seekin' for my soul.
Just brush off them cob-webs, Mary, git the bonnie flag of blue,
For I'm goin' out paradin' with the boys of '62.

These old clothes don't fit me, Mary, like they did when I was young.
Don't you remember how neatly to my manly form they clung?
Never mind that sleeve that's empty, let it dangle loose an' free,
For I'm goin' out paradin' with the boys of '63.

Pull my sword belt tighter, Mary, fix that star beneath my chin.
I've grown old an' threadbare, Mary, like my uniform, an' thin.
But I reckon I'll pass muster, as I did in days of yore,
For I'm goin' out paradin' with the boys of '64.

Now I'm ready, Mary, kiss me, kiss your old sweetheart good-by,
Brush aside them wayward teardrops; didn't think you'd cry.
I ain't goin' forth to battle, cheer up, Mary, sakes alive,
I'm just goin' out paradin' with the boys of '65.

When President McKinley, mortally wounded, was slowly breathing out his life, his fingers, almost nerveless then, clasped his wife's hand in that little minute the doctors granted her at his side, and he whispered, "You know you must bear up well. That is the best for both of us." For the dying woman in Canton there was no lover's hand to press hers. The voice once so potent to soothe her suffering was stilled. But her gaze in her intervals of consciousness constantly sought the eyes of "the Major," looking down on her from the picture near her bed. Deep and compelling, they seemed to carry their message. It was as if the greatest influence of her life had survived death itself, and the magnetism of the man who was for so many years her constant guard from every ill reached out still to shield her in her hour of extremity. Pictures were all that remained to Mrs. McKinley of her nearer and more intimate life. Her own face, with that of her husband beside her, shone out from the old-fashioned setting of thirty-five years ago. They were portraits taken at the time of their marriage, when, with all life before them, they bade defiance to the world of care. The grandfather and grandmother, the father and mother of Ida Saxton, all the close associates of her girlhood existence, when every hope met its full fruition only to meet untimely death, these were the faces she kept about her in the quiet of her own chamber.

MR. HARROD'S SUCCESS.

With Fennell's Dogs He Has Big Sport on Isthmus of Panama.

A friend of Ernest E. Harrod, a Gainesville boy who is now employed as a foreman of carpenter work by the Isthmian Canal Commission on the big canal at Bas Obispo, Canal Zone, has received an interesting letter, in which Mr. Harrod encloses an interesting picture, the result of a deer hunt in the vicinity of his camp.

This picture is all the more interesting, when it is learned that Mr. Harrod's dogs were purchased from Sheriff L. W. Fnnell of this city, and transported to Panama. The picture shows Mr. Harrod and another party with a stout pole upon their shoulder, from which is suspended an immense buck.

In his letter Mr. Harrod says:

"Fennell's dogs have not deceived me. I am sending you a picture of the result of my first hunt since returning to these parts. I have killed two deer and one wild hog since I returned, the fruits of two hunts. The buck you see in the picture weighed 152 pounds when killed, and had two small prongs."

Mr. Harrod, with his wife and baby, spent a few weeks here in the late winter, guests of the former's parents, A. F. Harrod. It was while here that he purchased the dogs from Mr. Fennell.

DR. SLEDD TO ALABAMA.

Will Deliver Address Before the Southern University Tuesday.

Dr. Andrew Sledd, president of the University of Florida, left Saturday for Greenboro, Ala., where he has been invited to deliver an address before the Southern University Tuesday evening.

This is quite an honor, but one which Dr. Sledd will fulfill with credit to himself and the educational institution he represents.

Mrs. Sledd and the children go to Atlanta, where they will be the guests of Mrs. Sledd's father, Bishop Candler, during the summer. Prof. Sledd expects to return to Gainesville, and will remain here looking after the University and its interests until the opening in the fall.

A NEW ISLAND

In Hillsborough Bay, Will Soon be Entered for Homestead Privilege.

The United States land office in this city has issued the following circular under date of May 31, which will probably prove of benefit to our readers:

"Notice is hereby given that an island in Hillsborough Bay, situated in Sections 27 and 34, Tp. 30 S., R. 19 E., containing 2.42 acres, has been surveyed under special instructions from the Commissioner of the General Land Office; and that the plan of survey will be filed in this office at 9 a. m. on the 1st day of July, 1907, and that on and after such day we will be prepared to receive applications to enter said island."

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that Mrs. S. E. Richardson, purchaser of Tax Certificate No. 630, dated the 2nd day of July, A. D. 1900, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit:

Lot 15, Vetch's Addition to Gaines...

The said land being assessed at the date of the issuance of such certificate in the name of T. H. Richardson.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 4th day of July, A. D. 1907.

Witness my official signature and seal this the 1st day of June, A. D. 1907.

MAN THRASHED BOY; GOT INTO TROUBLE

Mild Sensation Sprung in Bronson a Few Days Ago.

PROFESSOR WAS ARRESTED

Upon a Charge of Assault and Battery, After Having Whipped a Son of One of the Patrons of the School. Change of Venue Granted.

There has sprung in Bronson quite a little sensation, according to the current number of The Levy Times-Democrat, being caused by the arrest of Prof. E. T. Wetter, principal of the Bronson school, for chastising a pupil, a son of W. A. Stringer, one of the patrons of the school.

This arrest occurred a few days prior to the closing of the school, the warrant having been sworn out at the instigation of Mr. Stringer.

The defendant stated that he did not believe he could get justice in the court of Levy, and upon his petition, through his attorney, the case has been transferred to Alachua county, and the hearing will come in Judge Mason's office on the third Monday in June.

Pinnell & Son represent the prosecution, while the destinies of the defendant have been entrusted to Attorney J. A. Williams.

The outcome of this case will be watched with a great deal of interest, as a similar case occurred in this county about three years ago.

The charge entered against Prof. Wetter is assault and battery.

TWENTIETH CENTURY CLUB.

Annual Meeting of Society, at Which Officers Were Elected.

The annual meeting of the Twentieth Century Club met at the home of Mrs. T. P. Hay Monday afternoon.

After the business of the regular meeting was transacted the officers for the ensuing year were elected. This was an interesting feature of the meeting and resulted as follows:

Mrs. J. W. Tench, president; Mrs. Crow, first vice-president; Mrs. S. Davis, second vice-president; Mrs. Gross, secretary; Mrs. K. Grieve, corresponding secretary; Mrs. W. L. Hill, treasurer. Board of directors—Mrs. L. C. Gracy, Mrs. Cushman, Mrs. L. C. Smith.

The subject for study for the coming year will be England or English Colonies.

After adjournment for the summer months, a social half-hour was spent, during which time the ex-president, Mrs. L. C. Lynch, served delicious ice cream and cake.

After the usual good byes and pleasant wishes for the summer vacation, the gathering dispersed, hoping to meet again in club work in the autumn. REPORTER.

Mrs. Hoover Dead.

Mrs. C. U. Hoover of Starke, aged sixty-two, died at the Odd Fellows' Sanitarium about 6 o'clock Friday morning from the result of an operation for tumor, or cancer. A casket was supplied by Undertaker T. F. Thomas, who prepared the remains for shipment to the home of the deceased on the 8 o'clock train over the Seaboard.

Deceased was one of the oldest and most widely known residents of Starke. She was a noble, Christian lady, and her death will be generally regretted by those who knew her.

Death of Mrs. Guynn.

Mrs. W. E. Guynn of High Springs, about twenty-two years of age, died at the hospital in this city, to which place she was brought about a week ago, at an early hour Friday morning, the cause being dropsy.

The remains were taken in charge by Undertaker W. C. Summers, who came from High Springs on the noon train, and were shipped to her home on the afternoon train.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Rings Round Eyes

-J-19-

The ills peculiar to women, take different forms.

Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express.

Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

PUBLIC BUILDING BOBS UP AGAIN

Plans for New Government Building Have Been Completed.

FRANK CLARK GETS LETTER

The Treasury Department Informs Him That All Plans Are Completed With Exception of Duplicates, and Work Will be Advertised Soon.

It does look that work on the proposed new Government building, the approval of which Congress has long ago made, will soon begin, which will be welcome information to the people of this city and section. The proposed Government building, which will cost in the neighborhood of $75,000, will be located on the old historic Oak Hall property, foot of East Main street, and will be surrounded by a magnificent oak grove and park.

Letter to Col. Clark.

On the 18th inst. Hon. Frank Clark, Congressman from the Second District, wrote the Treasury Department at Washington relative to the standing of the matter, and Friday received the following reply:

"Washington, May 29, 1907.

"Hon. Frank Clark, Gainesville, Fla.

"Dear Sir—I have to acknowledge receipt of your letter of the 18th inst. relative to obtaining proposals for the construction of the postoffice building at Gainesville, Florida, and I have the honor to advise you that the drawings and specfications for this work are completed with the exception of duplication, and it is probable that the work will be advertised not later than June 10.

"Respectfully,

"J. F. TAYLOR,

"Supervising Architect."

As will be seen from the above, the Treasury Department is working steadily in the premises, and the chances are that work will begin on this elegant new building before the close of the summer.

PROMINENT VISITOR FROM SOUTH AFRICA

Hon. Chas. P. Loundsbury, Prominent Entomologist, Was Here.

PRAISED THE UNIVERSITY

This Distinguished American is Traveling Through Florida, Making Special Study of the Citrus Family, Its Diseases, Etc.

Hon. Charles P. Loundsbury, entomologist for Cape Colony, South Africa, has been one of Gainesville's distinguished visitors for the past three or four days, during which time he saw a great deal to interest him.

Mr. Loundsbury is an American, a highly educated gentleman and a man well known and well versed in his profession. He has been in Florida for some time on an important mission, his visit being for the purpose of studying the methods of orange culture, as well as the various insect pests and fungus diseases of the citrus family. He has visited and inspected several of the largest and most important groves of the State, and has conferred with a number of the world's experts on citrus fruit culture, who own groves in various sections of Florida. This investigation, he says, has proved valuable to him, and it affords an opportunity to study from nature.

Mr. Loundsbury, who is a gentleman of affable nature, very entertaining and pleasing of manner, arrived in time to witness several of the commencement exercises of the University of Florida, and complimented the University very highly. He also visited the University and experiment station, at which time he became the guest of Dr. E. H. Sellards, Prof. H. S. Fawcett and E. W. Berger.

Mr. Adkins to Graduate.

From Friday's Daily Sun.

Through the courtesy of J. C. Adkins of New River, well known and popular in this city, we have received an invitation to be present at the commencement exercises of the graduating class of the Valparaiso University Law School, Valparaiso, Indiana, of which Mr. Adkins will be one of the graduates. He is in this city at present, but expects to leave in time to be present at the exercises, which will begin Sunday with the baccalaureate sermon, and extend to June 5. Mr. Adkins' numerous friends throughout the country extend sincere congratulations at his success in passing through this institution, which is one of the best of its kind in the country.

JUDSON JOTTINGS.

Judson, May 31.—Dr. O. S. Clyatt moved to Trenton yesterday. He sold his dwelling house and lot to R. S. Tucker.

Mr. Wood says he will leave here as soon as he can dispose of what he has—store and crop. He has resigned the postoffice in favor of R. S. Tucker.

It is getting very dry here. We are needing rain very bad. Crops, though, are fairly good where they have been properly cultivated.

"Uncle Joe" Addresses Students.

Greensboro, N. C., May 31.—Speaker Joseph G. Cannon, of the house of representatives addressed the students and faculty of Guilford college, within two miles of the place of his birth, the occasion being the annual commencement exercises of the college. His speech dealt mainly with the wonderful progress of the country, and especially of North Carolina and the south. He declared that no part of the country and no part of the south has made greater strides in recent years than North Carolina.

FUNERAL OF MRS. McKINLEY.

Services Over Body Were Simple. President Roosevelt Present.

Canton, O., May 31.—The body of Mrs. Ida Saxton McKinley rests beside that of her distinguished husband in West Lawn cemetery. Her last words, "Oh God, why should I longer wait? Let me lie beside him," have been answered.

The funeral services, held at the old-fashioned McKinley home, were extremely simple. Four songs were sung; the same that were sung at the funeral of President McKinley, and the service was the simple ritual of the Methodist church.

The house, on its Market and Louis streets side, was roped off to restrain the crowds, which thronged the neighboring thoroughfare.

The body, in its black casket, rested in its flowered place in the so-called "Campaign Office" in the identical spot where President McKinley's body lay, after the Buffalo tragedy.

President Roosevelt, Vice President Fairbanks and Cabinet Members Root, Wilson and Cortelyou, occupied seats in the parlor across the hall. Relatives and immediate friends of the family were seated in the hall and adjoining rooms.

While the services were being conducted by the Rev. Dr. Buxton, of the First Methodist Episcopal church, and the Rev. Dr. Holmes, formerly pastor of the same church, all business and amusement in Canton stood idle.

Judge Henry W. Harter, John C. Lueber, Joseph Blechele, Robert W. Cassidy and George B. Frease, who were honorary pallbearers at the funeral of President McKinley, and Austin Lynch, R. S. Shields and Judge C. C. Bow were the pallbearers.

When the services in the cemetery were over, the presidential party returned immdiately to the Baltimore and Ohio depot and there boarded the train for Indianapolis.

RECEIPTS SHOW DECREASE.

Pacific Mail Steamship Company's Reports Shows Million Shortage.

New York, May 31.—The report of the Pacific Mail Steamship company, which is the outlet to the Orient of the Harriman lines, shows a falling off of nearly a million dollars in receipts compared with the previous fiscal year.

The total receipts for the year ended on April 30, 1907, were $4,839,244, which is $865,092 less than in 1906. Of this total decrease $853,871 was due to falling off in the receipts from the operation of steamers. This item was explained by President Harriman as follows:

"Part of the decrease in operations of steamers resulted from the fact that the trans-Pacific line made four less trips this year than last, but by far the greater part was the result of diversion of traffic to other channels during the re-establishment in San Francisco, of stores, warehouses, hotel accommodations and other accessories which are required in carrying on an extensive commerce and which were entirely destroyed and scattered by the great fire, also from the lower rates on ocean tonnage and from the unsettled civil conditions in the Central American republics, which reduced very materially the company's traffic in these states."

Balloon and Occupants Probably Lost

London, May 31.—A military balloon with six men on the car, which was sent up from Aldershot camp on May 28, during the review in honor of Prince Fushimia of Japan, is missing, and it is feared that it has been blown out to sea. King Edward and Prince Fushima witnessed the ascent.

New Railroad Chartered.

Atlanta, May 31.—The Fitzgerald, Ocilla and Broxton Railroad company was granted a charter by Secretary of State Philip Cook Wednesday. This is another of the small railroad lines which are springing up in abundance in south Georgia, and rapidly developing that section of the state.

PREPARING FOR WAR.

Guatemala and Mexico on the Eve of Hostilities.

City of Mexico, Mexico, May 31.—Diaro De La Tarse prints a special message from the border town of Tuxtlarez which says that Guatemalan troops are throwing up entrenchments and mounting artillery opposite the town of Ocos. This information cannot at this time be officially confirmed, the government knowing nothing of the incident. The special message follows:

"We have just received in this city a message from Tapachula which says:

"The Guatemalan forces are actively throwing up entrenchments and constructing fortifications on the line opposite Ocos. Pieces of artillery are being brought from the center of the republic of Guatemala and mounted. The Twenty-fifth infantry has arrived here and Mexican troops are daily arriving and being placed along the border."

PURSUED ACROSS OCEAN.

Alleged Uxoricide and Woman Companion Are Captured.

Cleveland, O., May 31.—Search for an alleged murderer and his accomplice, lasting 18 months, ended here in the arrest of Franz Just and a woman giving the name of Mary Just, who were taken from a house at 4121 Clark avenue, S. W., by local detectives.

Chief of Police Kohler says the authorities of Duidig, Rhenish Province, Germany, have ordered him to hold the man for the murder of his wife, and the woman as an accomplice in the crime. The prisoners deny the charge.

According to the police, the murder of Mrs. Just was followed by the elopement to this country of the husband and the woman now in custody.

7,500 in Great Euchre Game.

New York, May 31.—What probably was the greatest euchre party ever held in this country was engaged last night on the pier of Dreamland, Coney Island. The astonishing number of 7,500 men and women clustered about the cards. The Rev. John L. Belford, of the Church of the Nativity, Brooklyn, was in charge. The euchre was in aid of the church.

From published reports we learn that Jacksonville's city profits from its electric light plant were $110,719.17 and its profits from the water works were $53,910.84.

ECORATION DAY DULY OBSERVED

w Wallace Post and Friends Pay Tribute to the Departed.

OST INTERESTING PROGRAM

and Army, Accompanied by Members of United Confederate Veterans, Daughters of Confederacy and Others Attend the Exercises.

Thursday was the National Memorial Day, or more commonly termed, nion Decoration Day, and the event as duly observed in Gainesville by ew Wallace Post, Grand Army of e Republic, with most impressive remonies.

As had been previously announced, e members of Stonewall Camp, U. V., both chapters of the United aughters of the Confederacy, the panish-American war veterans, and hers, had been invited to participate, d at 9 o'clock the carriages in waitg on the north side of the court ouse square conveyed the G. A. R. nd many members of the invited oranizations to the cemetery, where he exercises, simple but sweet and mpressive, were held.

The members of Lew Wallace Post ere very much gratified to have ith them their venerable and much-eloved commander, Col. H. F. Dutton, who accompanied the Post for he first time in several years.

The Program.

The program was a most interesting ne. The ceremonies were opened y Commander Dutton, which was ollowed with vocal music by an excellent quartette. Prayer by the haplain.

After the charge by the commander nd a poem read by Col. I. E. Webster, the oration of the day by Dr. F. Prescott Bullock was delivered. The speaker, in his usual clever manner, deeply impressed his hearers with his eloquence and touching tributes to both the dead and the living of the Civil war. Dr. Bullock also dwelt with sincere eloquence on the soldier life of the Spanish-American war, paying the American soldier the highest compliment for valor and bravery that could be paid.

At the conclusion of this oration the graves were strewn with an abundance of flowers, taps were sounded, the benediction pronounced, and the cortege wended its way back to the city.

Death of An Infant.

Information reached this city Friday of the death of the infant son of Grover W. McCall of High Springs, cashier of the bank at that place, which occurred at Jasper, at the home of its grandparents, during Thursday. The funeral was held Friday afternoon, the interment being in High Springs.

This death is particularly sad, Mr. McCall having lost his devoted wife only a couple of months ago. In exactly one year he has been married, and has lost his wife and child. The sympathy of the community is extended to the bereaved husband and father.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ROLLINS COLLEGE HONORS DR. HAY

Conferred Upon Him the Degree of Doctor of Divinity.

THE PREACHER WAS ELOQUENT

In His Delivery of the Commencement Address of the College, Which Was a Largely Attended Feature of the Exercises at Rollins College.

Special to The Sun:

Winter Park, May 30.—Rollins College today conferred the degree of Doctor of Divinity upon Rev. Thos. P. Hay of Gainesville, who delivered the commencement address.

Dr. Hay was greeted by a large and representative audience from every section of the State, and his address was one of the most masterly efforts of his life, full of practical eloquence.

Rollins has enjoyed one of the most successful periods in the history of its existence.

GAINESVILLE GIRLS HONORED.

Three Medals Awarded Gainesville at Woman's College Exercises.

Gainesville is proud of the fact that three young ladies of this city have retained the reputation of their town for education at the College for Women, the female State college, which they have been attending.

These young ladies carried the honors in their respective classes. Miss Carrie Dean was awarded the medal for the best essay in the junior class; Miss Eva Dean the medal for the best essay in sophomore class; and Miss Mary Baird the medal for the best essay in the freshman class.

These young ladies have arrived home, and are being showered with congratulations by their friends.

A Delightful Party.

Little Miss Margaret Merchant, at the home of her parents, Mr. and Mrs. Geo. S. Merchant, entertained about fifty of her friends Wednesday evening.

The occasion was passed in a manner appropriate, many juvenile games being indulged in. Delicious refreshments were served during the evening, and it is needless to add were much enjoyed.

At "decent bed-time" the guests departed, with many thanks and best wishes to their clever little hostess.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

THE CANTALOUPE MOVEMENT

J. D. Stringfellow Enjoys Distinction of Making Shipment Several Days In Advance of Others, But First Solid Car Will Leave Here Tuesday.

From Friday's Daily Sun.

The movement of cucumbers from the Gainesville district is heavy at this season, from six to eight carloads being moved daily, it is stated.

With this movement, with the fruit firm and first-class in every respect, there is no reason why the growers have not met a "cinch" this year, and they should reap a rich financial reward.

While the cucumber crop is good, the prospects for other products is equally as encouraging. It is said by experienced growers, and those in a position to know, that both the watermelon and cantaloupe crops are good, and bid fair to make a handsome yield and a handsome profit to the growers.

Cantaloupes have been on the market for the past week. While the fruit in the local market seems well matured, it has a tendency of greenness, and those who have tried it state that, while it is in condition to ship, it is too green and insipid for the local market.

J. D. Stringfellow, one of the most extensive growers of cantaloupes in the State, enjoys the distinction of shipping the first fruit of the season this year, having made the first consignment on Friday of the past week. This fruit was finely shaped, well matured, and will no doubt bring good prices in the Northern markets. Mr. Stringfellow has made frequent shipments by express.

The First Solid Car.

The first solid car of cantaloupes will leave this station on Tuesday of the coming week, the car being loaded by the Gainesville Melon Growers' Association. This car will comprise several hundred crates of the finest fruit that can be grown in the United States, absolutely perfect and of uniform size and ripeness, and will reach the Northern markets in first-class condition, ready to command the best of prices.

The Season's Yield.

From an authentic source it is learned that the yield in this section this season will be about the same as last year, being from 125 to 150 cars. There is an average of between 600 and 700, and, despite the long drought, which has proved a binderance, the rains came at last to invigorate the plants and produce the yield.

The growers of truck and melons this year feel greatly encouraged, as the prices bid fair to hold up during the entire season, owing to adverse conditions in other sections of the country.

CAPTAIN NEAL WILL REBUILD

Prominent Newberry Merchant Will Erect Large and Handsome Store.

Among those who spent Thursday in this city was Captain C. A. Neal of Newberry, one of the most widely known residents of the West End.

Captain Neal, who was engaged extensively in the mercantile business at Newberry, had the misfortune to lose his stock by the recent fire which swept that town. He states, however, that he proposes to resume business as soon as possible upon a more extensive scale, and will erect a new building as soon as he can secure the material and labor.

Captain Neal states that the people of Newberry feel encouraged. They still have confidence in the future of the metropolis of the phosphate belt, and as a rule will rebuild, erecting finer and more attractive buildings.

John G. White is erecting an eight-room cottage in the rear of the lot formerly occupied by his hotel, the Commercial, which was among the buildings destroyed by fire. He will rebuild the hotel.

HARMFUL STOMACH DOSING.

The best physicians believe that the less medicine one swallows the better.

Do not try to cure catarrh of the head by dosing the stomach; this is neither common-sense nor scientific. Breathe Hyomei, and its medication will go right to the spot where the catarrhal germs are present and free the system from all catarrhal poisons.

J. W. McCollum has seen so many cures of catarrh made by Hyomei, some of them chronic and complicated cases, that he gives an absolute guarantee of cure or money will be refunded with every outfit he sells. The complete Hyomei outfit costs but $1.00.
